Responsible quality management

In the area of sustainability, SALESIANER has been successfully certified with ISO 14001 Environmental Management Systems, with ISO 50001 Energy Management Systems, with ISO 45001 Occupational Health and Safety, and our locations in Vienna and Wiener Neustadt have been certified with ISO 30415 Diversity & Inclusion.

Photovoltaics – harnessing the power of the sun

In recent years, SALESIANER has successively equipped the roof surfaces of its laundry buildings with solar panels.

Since commissioning the first ones in 2014, our electricity production across Austria has already increased to almost 4 million kWh per year. A total of 20,000 solar panels are in use.

Award-winning sustainability report

Back in 2016, SALESIANER published its first sustainability report and received the Austrian Sustainability Reporting Award for exemplary reporting.

The reports have been published annually since 2022 and define sustainability targets up to 2040/2050.

Climate active and innovative

SALESIANER has been a project partner of the Austrian klimaaktiv programme since 2013 and has become a leading example in recent years.

SALESIANER spends several million euros a year on energy efficiency. In Austria, we also ensure particularly short delivery routes to and from our customers.
