

Cleaning cloths and mop covers

in the reusable system

Specialised for your benefit.

SALESIANER 

Several of the SALESIANER factories have been awarded the Austrian Eco-label UZ70 (UW 1194) for their rental textile services.

Furthermore, SALESIANER is certified to ISO 14001 for environmental management systems, ISO 50001 for energy management systems and ISO 45001 for occupational health and safety.

SALESIANER published its first sustainability report back in 2016 and received the ASRA Award for exemplary reporting.

Locally
washed in
Austria.

Your **regional**
partner.

LEGEND

Length x height x width

Weight

Composition

Top-quality materials, including a washing cycle.

A range of product variants makes cleaning easier in **industry, trade, commerce** and the **healthcare sector**.

Premium microfibre mop cover

40 cm

50 cm

100% polyester

Classic cotton mop cover

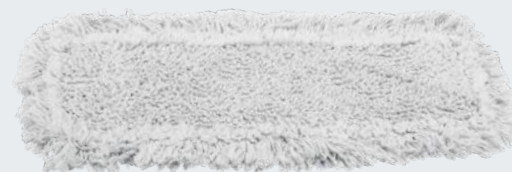

40 cm

50 cm

50% cotton
50% polyester

The **premium microfibre mop cover** made of white microplush is ideal for cleaning **smooth surfaces** such as tiles, stone floors or porcelain stoneware.

The **Classic made of a cotton-polyester blend tufting** is a high-quality loop/fringed mop cover. The high level of even loop distribution over the entire surface makes it particularly **robust** and ideal for **universal cleaning**.

Laundry cycle for SALESIANER

Professional throughout
the **service cycle.**

Advantage logistics

Special roll boxes have been developed for safe storage and transport. These are rollable and stackable in the size 40 x 60 x 88 cm or 28 x 40 x 61.5 cm and are approved as hazardous goods packaging by the BAM (Federal Institute for Materials Research and Testing). The container lids close airtight and have different colours to ensure proper and unmixed collection.

Advantage of the reusable system

Thanks to the reusable system, you always have fresh cleaning textiles to hand and don't need to worry about soiled textiles. There are no disposal costs at all, dirty cloths and mops are collected and professionally cleaned. There are no waste recycling or disposal costs for you.

Successful outsourcing – Simplifying supply

The outsourced system reduces the administrative burden on the factory and helps ensure a reliable supply. Requirements are determined through personalised advice. The cleaning textiles are picked up at agreed intervals, professionally washed and returned. The detergents used are precisely measured out.

**We always provide
with sufficient clean
cleaning textiles.**

Founded in Vienna.

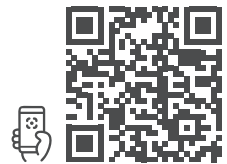

At home in Europe.

**The austrian family business
SALESIANER  was founded in 1916
and is now active in eleven countries.**

SALESIANER attaches particular importance to hygiene, quality and individual support.

Ensuring a smooth supply to customers is the top priority for SALESIANER.
