

Cleanliness. Step by Step.

With the Premium Mat Service.

SALESIANER 

Our Mat Service

Sustainable
and Professional.

Take the Right Step.

Our SALESIANER mats not only ensure cleanliness, but also give you a clear conscience.

Professional cleaning forms the basis for many benefits and the long-term value of our proven mat rental system. The processes comply with the latest standards for hygienic, environmentally friendly and sustainable cleaning.

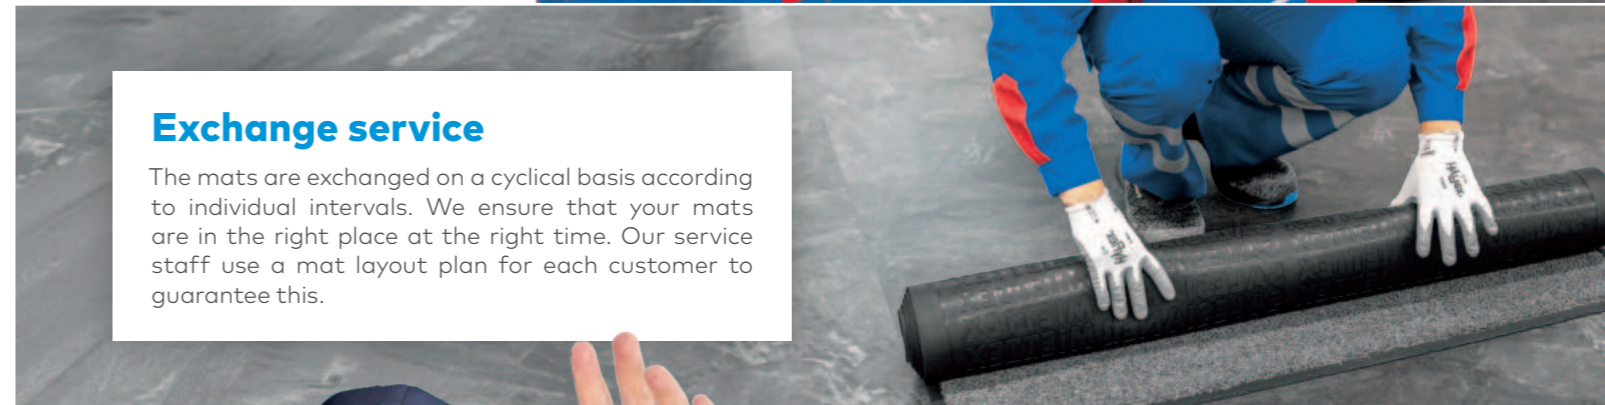

Part of our range is made from recycled materials - with no compromises on quality or design.

For our premium mats, we use **100 % regenerated yarn from post-consumer material** (Econyl nylon). The rubber backing of both mat types also contains 34 % recycled content in the polymer.

Delivery

The mats, hygienically processed in our specialised laundries, are delivered to you in accordance with our principles of punctuality, cleanliness and reliability.

Exchange service

The mats are exchanged on a cyclical basis according to individual intervals. We ensure that your mats are in the right place at the right time. Our service staff use a mat layout plan for each customer to guarantee this.

Stylish Cleanliness at the Highest Level.

Enhance your rooms, keep your floors clean and support long-term value preservation. Wherever the mat is placed, it has an impact. Our premium mats are of superior quality and far outperform conventional dust-control mats.

Robust, Durable and Attractive.

Yarn made from **100 % recycled** post-consumer material and **polymer** made from **34 % recycled** material.

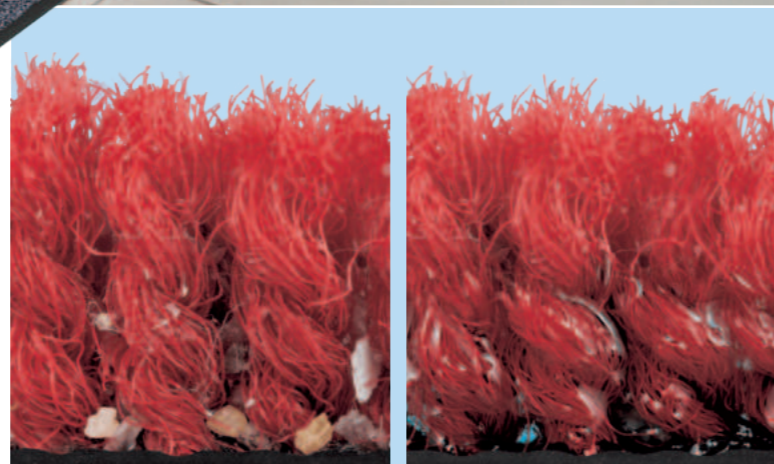

Simply Economical.

1 m² of mat surface absorbs around **3 kg** of dry dirt and takes in about **4 litres** of moisture.

Up to 80% of dirt is trapped – achievable only with high-quality mats made of **high-twist nylon fibres**.

These special fibres provide an exceptionally large surface area to capture dirt and moisture.

The dirt collects at the bottom of the mat and remains invisible on the surface. With our washing service, the mat becomes not only clean again but also hygienically pure.

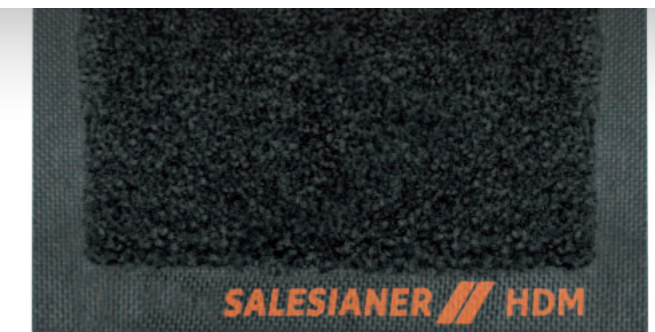

Heavy Duty Mat

Designed for Industry and Trade

For use in industrial environments: oils, dyes and heavy soiling. The Heavy Duty Mat withstands even the most stubborn stains.

Extremely Robust, Durable and Tough.

Design Mats

Customise and impress with effective advertising.

Our design mats are individually printable mats with excellent dirt-trapping properties. Choose from a range of 66 colours and create your desired design. We will support you in this.

With a design mat, you are able to make a real statement and leave a good impression on your customers.

Turn unused floor space into a platform for messages or advertising to create a unique atmosphere.

To leave an impression, start right at the door.

First Impressions Matter.

Colour Mat Design

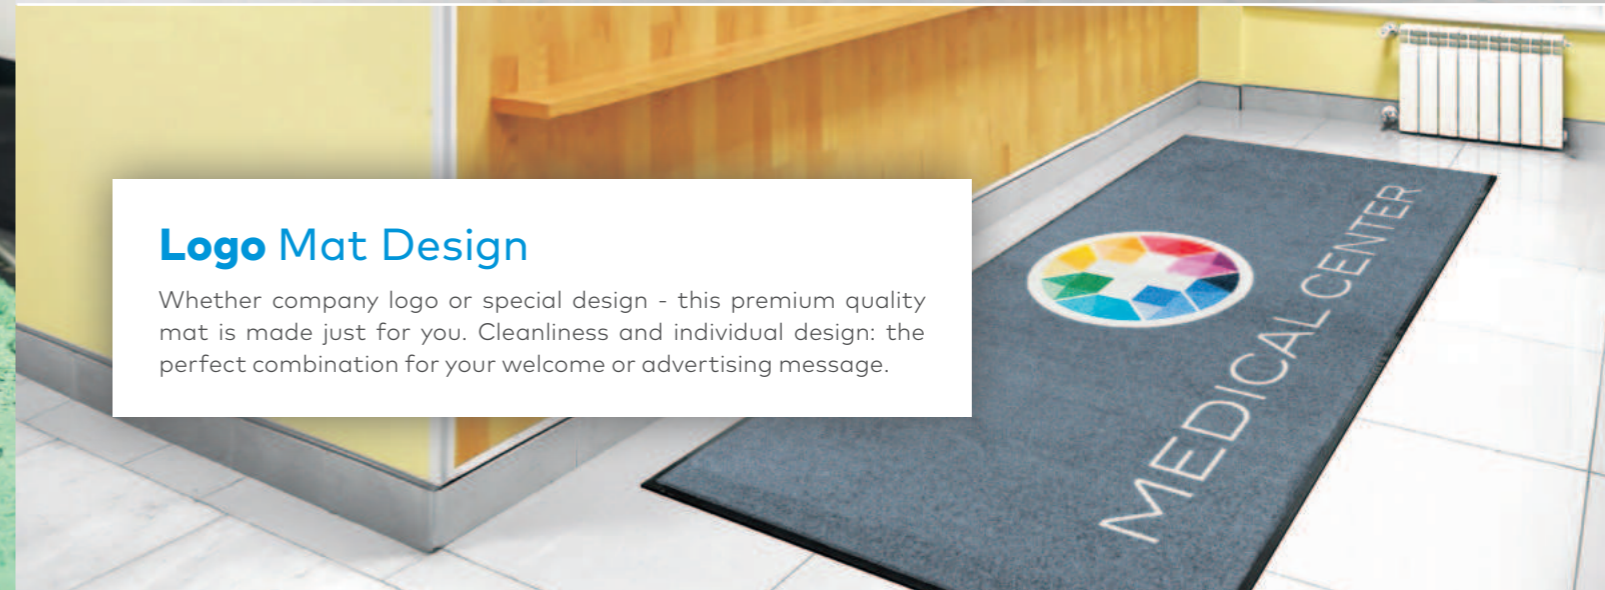

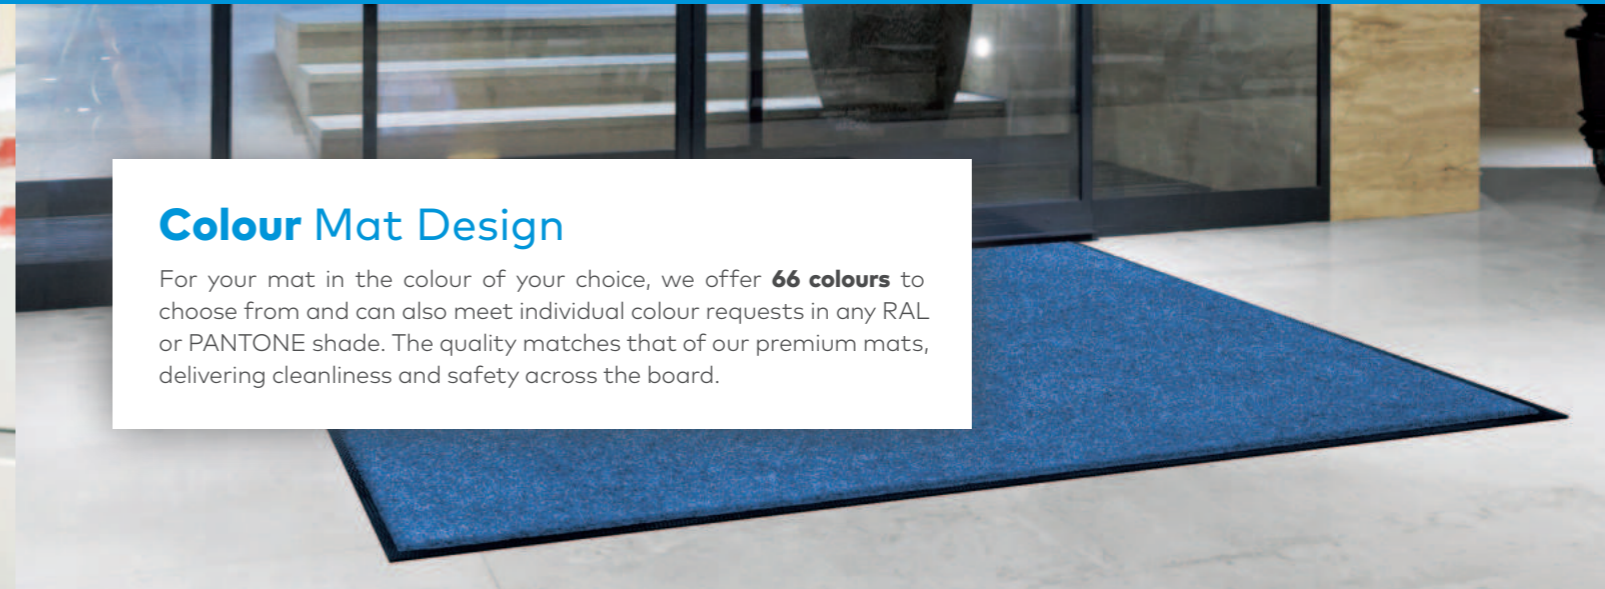

For your mat in the colour of your choice, we offer **66 colours** to choose from and can also meet individual colour requests in any RAL or PANTONE shade. The quality matches that of our premium mats, delivering cleanliness and safety across the board.

Logo Mat Design

Whether company logo or special design - this premium quality mat is made just for you. Cleanliness and individual design: the perfect combination for your welcome or advertising message.

Freestyle Mat Design

Whether diamond, circle or rhombus - we are able to produce your mat entirely according to your wishes. This way, you can showcase your advertising message professionally and with a personal touch.

Ergonomic. Practical.

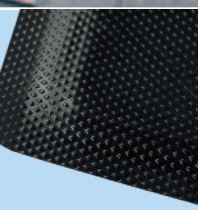

The **Ergonomic Plus** is a durable nitrile rubber mat with excellent floor grip that also relieves muscles and joints. The foam rubber core provides an anti-fatigue effect, while the robust rubber surface ensures a secure footing.

The additional **Ergonomic Plus Safety** version was developed to specifically mark potential hazard areas. The yellow safety edges draw attention to the mat, increasing awareness of possible danger zones.
